The screenshot displays the Avast! Free Antivirus interface for creating a Rescue Disk. On the left is a navigation sidebar with icons for Status, Scan, Tools, Store, My Devices, Help, Statistics, and Settings. The main window header includes the Avast! logo, 'FREE ANTIVIRUS', and an 'UPGRADE' button. Below the header, the 'Rescue Disk' section offers 'Create on' options for 'USB' and 'CD'. A blue banner instructs the user to 'Create a special bootable CD or USB that can be used for offline scanning and cleaning.' A notification box with an alarm icon states: 'A bootable media will be created with the latest avast! definitions. The definitions grow old rather quickly, so it is recommended to create a new Rescue Disk before you use it.' A modal dialog box titled 'CREATE RESCUE DISK' is open, asking the user to 'Please select a location.' The text input field contains 'E:\rescue_disc.iso', and there is a 'browse' button next to it. At the bottom of the dialog are 'Create ISO' and 'Cancel' buttons.
